

Guidelines for Listing Products & Services on the BHN Website

1. Products listed on the website must be developed by the BHN member. All products and services must be wholly owned or copyrighted by the BHN member. This opportunity is for our members to affordably advertise products and services valued by the nutrition community.
2. Each member will receive three (3) free listings. Each submission form is considered a listing.. Members may choose to list similar products together in one submission form provided that ALL items listed belong to the same category. Testimonials may not be included in the submission. **Submissions must be no more than 400 characters.** BHN dpg reserves the right to edit your entry if it exceeds the 400 character limit.
3. Members may post one graphic or logo with each listing. Graphic or logo must be in .jpg format.
4. Since the Products & Services listings are available to the public, we would not recommend listing phone or email addresses. Please just direct visitors to your website.
5. Each listing will be posted from June 1 through June 30 or any part of that time and may be renewed annually, provided BHN membership is current. A reminder email to renew or update your listing will be sent to each member. You must renew your listing no later than June 30 or it will expire, regardless of the date you purchased your listing.
6. Additional listings (beyond three) can be purchased for \$40 each (includes a graphic or logo).
